FARMERS AND LIVE STOCK MEN PROPOSE A NATION WIDE STRIKE TO STABILIZE PRICES

The National Farmers Union of 800,000 Members Has Been Called On to Issue the Strike Orders To All Unions in United States.

(By Associated Press)

Kansas City, Nov. 18.—A nation wide producers strike to combat falling prices of farm products is urged in a call to be sent out today by the National Farmers' Union to local unions throughout the country. The organization will represent the producers of grain, cotton, wool and livestock said to number 800,000 members. The proposition is to agree to stop production or take a vacation from work on the farms and ranches as other workers do. It is charged that high costs of labor and manufactured products, including farming implements, make it imperative that the agricultural and live stock interests go on a strike to stabilize prices of products which do not bring as much now as the cost of producing reaches.

PRESIDENT HARDING MAKES PLEA FOR BETTER EFFORTS

(By Associated Press)

New Orleans, Nov. 18.—Plain living, square dealing, was evoked by President-Elect Harding in his speech as the nations strongest reliance during the coming period after war of readjustment; sanity, clear thinking, common sense, honesty and co-operation were among qualities named for prime necessities in meeting demands of new world order, he declared, for material interests in national happiness both benefit. If the United States becomes a simple living people once again, he asserted. Whatever discouragements and reverses have been will be only of a temporary character he predicted. He was confident America would solve the new problems on a simple basis of old time virtues and come through the reconstruction period stronger and more dependable than ever before. Sunday Harding's speech was delivered at a luncheon of the New Orleans Association of Commerce and contained a message of assurance for the industrial development of the south. An expression of hope that ties of commercial co-operation with Latin America would be strengthened in every possible means. The address was a part of a five hour stay in New Orleans. He came from his vacation in Texas to take a ship to Panama and the Canal zone.

LOST—One (1) light brown horse mule, about 15 hands high, has long bushy tail. Reward of \$10.00 for return to W. S. Mial, Grant, Texas.

1921 THANKSGIVING GAME AT COLLEGE

(By Associated Press)

Austin, Texas, Nov. 13.—The football schedule of the University of Texas for next season practically has been arranged and it calls for three games which are expected to be severe tests of the toughness of Longhorn material. Vanderbilt is signed for a game at Dallas during the Texas State Fair, and Mississippi A. & M. will come to Austin. The Texas A. & M. game will be played at College Station. Authorities say that the line-up of the Texas University team, which has had easy victories this year, is expected to remain practically intact for next season. Next season's schedule follows: October 1, Simmons College at Austin; October 7, Austin College at Austin; October 15, Howard Payne College at Austin; October 22, Vanderbilt University at Dallas; October 29, Rice Institute at Austin; November 12, Mississippi A. & M. at Austin; and November 28, Texas A. & M. at College Station.

666 breaks a cold quicker than any remedy we know.

Y. M. C. A. IS A GREAT CENTER OF ACTIVITY

REPORT SHOWS AN AVERAGE OF 400 STUDENTS USE THE BUILDING DAILY.

That the Y. M. C. A. is a great center of activity is indicated in the report of J. E. Lewis, general secretary, for the month of October, to the Executive Committee of the Y. M. C. A. The average daily attendance in the building for all purposes is 400 or a total of 12,400 for the month. The natatorium was used by 1350 students, which is an average of 45 per day. 12 social gatherings were held for students with a total attendance of 1850. 35 religious meetings, 19 athletic meetings and 15 group meetings were held in the building during the month. 26 other organizations met in the building for various purposes.

These are only a few of the many activities that are conducted by the Y. M. C. A. during each month. The Y. M. C. A. is one hundred per cent efficient this year.

To break a cold take 666.

BRYAN HIGH SCORES BIG VICTORY OVER HOUSTON HIGH

A very enthusiastic crowd watched the game Thursday between Houston Central High and Bryan High, which was played on Kyle field. The section reserved for Bryan Hi students was filled, many Bryan people and College students taking part in the yell for Bryan.

The game was called at three o'clock sharp, Bryan making the first kickoff, and downing Houston near their ten-yard line. During the first few minutes of the game the ball changed hands several times, both teams punting. Bryan then resorted to line plunges, carrying the ball within three yards of Houston's goal line. Houston fought hard here, holding for downs till the ball went over, and punting the ball out of the danger zone.

Cortemella and Dobrovolsky started in the second quarter, making continuous gains through line and around end and again forcing the ball within a few yards of Houston's goal line. Houston's line held strong, gaining possession of the ball, and trying to punt it out of danger, but this was broken up by Bryan, Levinson (left guard) receiving the punt on Houston's five-yard line. N. Densby played through the line for a touchdown. Boyett kicked goal. During the remainder of the half both teams played for punts. Densby breaking through for line plunges, with gains of 15 to 20 yards each.

In the second half Bryan came back eager for fight, kicking off to Houston's 10-yard line. Both teams played hard, holding to line plunges, with occasional punts. Tatum and Satterwhite, tackles for Bryan, played the stars in this quarter, breaking through Houston's line and holding them for losses every down. Cortemella used his sidestepping to an advantage, breaking away for a 25-yard end run for touchdown.

Boyett Kicked Goal. In the last quarter Houston tried several passes. M. Densby intercepted one and gaining several yards. The ball was swiftly brought toward Houston's goal by Cortemella and Dobrovolsky both making long end runs. Dobrovolsky made the third touchdown for Bryan by swift 25-yard end run. Boyett kicked goal.

Maloney received Houston's kickoff to the 45-yard line, where Bryan punted. Houston tried several line plunges, but were held to punt by Bryan's hard-hitting linemen.

The game was ended by two spectacular runs by Dobrovolsky, one being played through the line for a touchdown, the other around left end, 50 yards for a touchdown. When the whistle blew for time out, Bryan was headed for another touchdown, M. Densby making several end runs.

Bryan High	Central High
Boyett	L. E. Allen
Tatum	L. T. Harris
Levinson	L. G. Grassman
Pate	C. Short

MILLER IS FLYING HIGH AND FAST

(By Associated Press) Dallas, Texas, Nov. 18.—A recently perfected device designed to enable aviators to transfer gasoline from one plane to another while in the air will be given a trial when Lester Miller, local aviator, will attempt a non-stop flight from Chicago to Dallas.

Mr. Miller left a few days ago for Chicago where he recently built a special plane in which he expects to make the trip. He expects to fly the distance of approximately 1240 miles in about eleven hours.

OIL MILL BURNING COTTON SEED HULLS

(By Associated Press) Ballinger, Texas, Nov. 18.—Cotton oil mills in this section of the state are burning hulls for fuel on account of there being no demand for the hulls and to get them out of the way. These hulls would have brought \$20 per ton one year ago. W. O. Shultz, a Concho County stockman, brought 100 steers here and placed them on feed last week, and will bring others, the cheap price fixed on hulls and meat by the local mill, attracting attention of feeders.

A WEDDING ANNOUNCEMENT OF INTEREST TO BRYAN

The following wedding announcement is of interest to many Bryan friends, who have known the bride, Miss Fife, during her pleasant visits to her sister, Mrs. D. D. White in this city. Mrs. L. A. Fife of Chapel Hill, announces the marriage of her daughter, Beulah, to Mr. E. H. Daniels, on Thursday, November 11, 1921, at the home of her uncle, J. E. Fife, Houston, Texas. Mr. and Mrs. Daniels will make their home in Houston.

Mrs. John T. Hanway has been confined to her room with a severe cold all the past week, and is still unable to be up. She is with her daughter, Mrs. M. L. Parker on south College Avenue.

THE OLD BOWERY MISSION IS ACTIVE IN NEW YORK CITY

(By Associated Press)

New York, Nov. 18.—At the old Bowery Mission, for more than four decades the leading lower East Side haven for destitute drunks, lecture classes in elementary sociology and philosophy and educational work among the ghetto's women and children are taking the place of or supplementing the work done there heretofore for men without homes or food. "Flops and cats" as shelter and food are referred to by the old time denizens of the Bowery, are no longer to be the chief salutes afforded to "hop leads" and "bums" by this famous old institution.

Directors of the famous place have acknowledged time for more than feeding and sheltering from night to night a horde of "floaters" and "bores". Since its establishment 41 years ago Bowery Mission workers have been rushed with seemingly ceaseless efforts to find food and sleeping room for long lines of those classed as down and out. Now, they say, the advent of prohibition has brought opportunity to lift their heads.

John G. Hallimond, Mission superintendent and Anson C. Baker, secretary, outlined the new situation. "There's still plenty of 'hooch' on the Bowery," they said, "and plenty of drinkers to care for. 'But it's harder to get than it used to be."

"We have almost as many men to look after as ever. When the saloon went it did not take with it drugs and the like. But a far greater percentage of them are sober—clear-eyed and clear-brained. We are increasing our educational work among the old timers whose heads used to be so steamed in liquor that they could retain nothing but the address of the Mission."

"We now have more opportunity to look around, a chance for educational work among women and to start at the bottom with the rising generation."

Sixty-year old "Christian John" Wentz, a follower of the Mission for half his life and still hanging on added his word to that of Mr. Hallimond and Mr. Baker. "The bum business is dead," he said. "But if a guy had told me ten years ago that the day would come when there wasn't enough booze and cookies on the Bowery to keep this place busy, and that the Mission would decide to go to taking care of women and children, I'd have said he'd been 'coking' himself, or hitting the pipe."

AUSTIN HIGH COMES HERE UNDEFEATED

(Foot Ball Reporter.)

The coming of the Austin High eleven means a stiff fight for the Bryan boys. It means that every player be at his place, trimmed and ready to rub the big thing—real football. The fact that Austin comes determined to cross Bryan's goal line is evidence of a great game. And of course Bryan High intends and proposes to hold her past record by not letting the Austin team be so successful. This being the case the High school boys are being drilled daily and continually on plays likely to be "buled" in the game. The coaches, Hudson and Wilson have a mental picture of what the Austin boys are planning and are therefore instructing accordingly. The Austin boys have not so far been defeated but what will they say this time next week. Bryan boys we're for you, we're counting on you and we'll not be disappointed.

The struggles, the fights and everything that goes to make up a football machine, like Bryan High has, is the result of determination, self reliance and ability. This fact which the people of Bryan and Brazos county are proud. The state championship of High school foot ball means a whole lot to a town, community and from all indications we're going to get it. So people of Bryan go out and show them your appreciation by being, at least, present at this game.

The tickets are on sale at Brandon & Lawrence, Game called at 3 p. m. Kyle Field. High school season tickets will be recognized. General admission \$1.00. Box seats \$1.50. School students 50c. Cadets 50c.

COTTON CONTINUES TO GO DOWNWARD

Cotton futures continued to drop today and at closing, 2 p. m., was 65 cents down. Local spots, middling basis were selling at 14 1/2 cents. This is the lowest mark yet reached this season. Cotton seed were quoted at \$23.00 per ton.

The number of bales of cotton reported up to date at the several warehouses is as follows: Farmers Union warehouse, 4,822; Eden's gin, round bale, 3,720; Eden's gin, square bale, 982; Lawrence warehouse, 6,375; Making a total of, 15,919.

Mr. Harvin of the Federal Board, Dallas, is in Bryan today on business. He will return to Dallas tomorrow.

Rev. and Mrs. R. L. Brown are in Austin this week, where Rev. Brown is attending a B. Y. P. U. Institute at the First Baptist church in that city and in conference with Dr. O. P. Campbell, student pastor of the State University.

MANAGER WHALEY STILL FAVORS WEST TEXAS A. AND M.

Dallas, Texas, Nov. 18.—Efforts will be made by the West Texas Chamber of Commerce at its annual convention at Ranger in January to have the state redistricted into senatorial districts, according to Porter A. Whaley, manager of the West Texas Chamber, who was the principal speaker at the weekly luncheon of the Dallas Advertising League, Tuesday.

Mr. Whaley also said that action would be taken immediately to get an A. & M. college for West Texas. It is understood there are several propositions to be presented to the legislature in Austin in January for a West Texas A. & M. college and a number of wealthy men are behind the movement. A lobby will be maintained in Austin beginning on January 1st.

The accomplishments of the West Texas Chamber of Commerce during its three years existence were spoken of. A general exhibit of that section of the state, specializing on sorghum grain was sent to seventeen State and Inter-State Fairs, he said.

On account of a tie in the contest for new members this week, the prize offered will not be given until next Tuesday, it was announced. Announcement of the organization of an Advertising League in Wichita Falls, was also made.

DISASTER AHEAD IN FRENCH INDUSTRIES

(By Associated Press)

Paris, Nov. 18.—The number of former workers now unemployed in France is 125,000 according to official statistics. The total is increasing by daily dismissals in the metallurgic industry, leather trade, textile and clothing manufacturing industries and the problem is attracting the attention of the government. During the war the plea of manufacturers was that speedy delivery of goods was impossible owing to the lack of labor. Now available labor far exceeds the demand.

There are numerous reasons for this surplus, prominent among which are given: Lack of raw material; rate of exchange against France in most importing countries and high freight rates. It is believed however that there is another reason of purely internal order. Speculators have held back stocks in order to be able to release them when prices were highest, and consequently do not need to manufacture at present. Others are said to deliberately restrict production in order that prices may be to their present abnormal level. The high prices have lessened consumption and the public limits its purchases to articles of absolute necessity, with the result that retailers are not sending such large orders to wholesalers as formerly.

The leather industry is suffering most, nearly half the workers ordinarily employed being out of work. Parisians in general have refused to wear 120 francs for a very ordinary pair of shoes. At Limoges alone 8,000 shoemakers are without employment.

The clothing industry is also reported to be in bad way. Forty per cent of the workers are idle at a time when ordinarily the factories are at their busiest. The textile industry on which the towns of Roubaix and Tourcoing depend, is going through a period of the greatest difficulty, and the fur industry is also affected, owing to the excessive price of furs, especially of the more ordinary kinds, such as rabbit and goat.

Thirty per cent of the automobile workers are idle; some 18,000 or 20,000 skilled workmen. Considerable numbers of men employed in the devastated regions have also left their work; some voluntarily, hesitating to spend the winter in draughty shacks without comfort and amusements; others dismissed by contractors who have not yet been paid by the state and who hesitate to retain workmen whose wages they may be unable to pay.

The question was discussed at a recent cabinet meeting, industrial groups are occupied in formulating possible solutions and a mass meeting of unemployed is to be held at the Labor Bureau. The principal difficulty is not so much in finding work for all concerned but rather the difficulty of finding suitable work for the many skilled workmen who are at present without employment. There are plenty of openings for unskilled labor in the devastated regions, and the levelling of the Paris fortifications but laborers are scarce while skilled workmen are plentiful but their employment at such work as is available would be nothing less than wasting the country's resources.

BRYAN MERCHANTS.

Are advertising some splendid bargains and all farmers in the Bryan trade territory should come to Bryan and make their fall and winter goods. Read the Eagle every day, the advertisements are worth the subscription money. Come to Bryan to trade.

Mr. H. O. Boatwright and Prof. A. W. Kinnard have returned from Waco where they attended the state meeting of the United Cotton Growers' Association. A full account of the meeting at Waco appeared in the Eagle Wednesday.

FT. WORTH GIRL WHO SHOT POLICEMAN ASKS BURIAL IN CREPE DE CHINE DRESS

(By Associated Press)

Fort Worth, Nov. 18.—Captain Quincy Burnett of the police motorcycle squad, who was shot yesterday afternoon as he sat at a drug store soda fountain with a young woman, is still in a critical condition at a local hospital today. The young woman, Miss Bessie King, who fired the shots and who immediately afterwards drank from a bottle and collapsed, is greatly improved and will recover, her physicians say. Burnett married five weeks ago. He and Miss King had been friends for five years and she had just learned of his wedding. An assault to murder charge was filed this morning against the girl.

"I have died a thousand deaths for him, and if I don't get him I hope someone else does," read a note found in the handbag of Miss King, following the shooting.

Parents of Miss King said the girl was engaged to marry Burnett, but that the engagement was broken recently. Several notes were found on the person of Miss King at the hospital. In one of these notes the girl declared that she had died a thousand deaths for the sake of Burnett. "He has done me a wrong that can't be righted by no one but him. He is the only one I can tell my troubles to, and he won't listen," she wrote.

If she "didn't get him," she wrote further, she hoped somebody else would "get him." Scribbled in pencil at the bottom of one of the notes was: "I pray to God to forgive me, for I can't stand my troubles alone." That she be buried in crepe de chine was her wish expressed in one of the notes, signed, "A Broken Heart."

EXPERIMENTS LOOK TO HIGHER YIELD ALFALFA

R. E. Dickson, Superintendent of Spur, Texas, Substation, Agricultural Experiment Station of A. and M. College, is engaged in an elaborate selection project looking to the development of a more prolific alfalfa.

After having determined that the common Texas alfalfa is the one best adapted to the vast "Red Beds" region in which this station is centrally located, Mr. Dickson has taken 16,000 individual plants of this variety and set them under equal and uniform conditions, 12 inches apart each way, in the test plot. He is carefully observing their behavior, involving the weighing of the hay produced by each plant, etc., and has now discovered about thirty plants in the entire test, to be outstanding in quality. These he will further observe, and from them will select probably three or four of the very best for a final contest for the honor of being chosen as the parent plant of what Mr. Dickson expects to be a superior, pure line alfalfa, capable of producing far better yields than are now possible from any general seed supply available.

When the test is completed and a supply of seed can be had from the increase plants, a general distribution will be made through the usual channels for dispersing a valuable find by the Experiment Station. The project has now progressed far enough to indicate a splendid success within another year or so.

There is nothing particularly magical about this very tedious enterprise. It is well known that cattlemen improve their herds by select purposes. Animals with outstanding tendency toward the type desired are chosen to head the herds and it has come about due to such careful breeding, that whole herds may be found every individual of which is of high quality and very like the others. It is plain that such a herd is worth far more than one comprising, even a percentage of inferior animals.

Plant life is similarly improved. In a considerable number of plants, individuals may be noted which are very superior to other individuals; and it is here the plant breeder finds the most abundant reward for his efforts, by using for breeding purposes those types found most preferable.

FIVE Thousand acres of the finest black land in Caldwell county, planted in the LATEST IMPROVED MEXICAN TRIUMPH COTTON, and ginned in our own gin, guarantees to the cotton growers of Texas absolutely pure planting seed. Write for illustrative catalogue and prices. THE MARTINDALE SEED FARMS, LOCKHART, TEXAS.

A few doses 666 break a cold.

BRYAN BUSINESS MEN ARE OFFERING SOME SPLENDID BARGAINS IN ALL BUSINESS LINES

The Daily and Weekly Eagle Are Showing Some Very Low Prices Through the Advertising Columns—Come to Bryan to Trade.

The merchants of Bryan are offering some splendid bargains and the people of Brazos county and this section will do well to read the advertisements that are appearing daily in the Eagle. Bryan has established the fact that it is a first-class market and especially for dry goods, clothing, notions, shoes, and dress goods. Prices have been greatly reduced and retail prices are lower in Bryan than the wholesale market justifies. But the merchants of Bryan have the goods and the prices that are right. Read the advertisements in the Eagle and come to Bryan to trade.

"We now have more opportunity to look around, a chance for educational work among women and to start at the bottom with the rising generation."

Sixty-year old "Christian John" Wentz, a follower of the Mission for half his life and still hanging on added his word to that of Mr. Hallimond and Mr. Baker. "The bum business is dead," he said. "But if a guy had told me ten years ago that the day would come when there wasn't enough booze and cookies on the Bowery to keep this place busy, and that the Mission would decide to go to taking care of women and children, I'd have said he'd been 'coking' himself, or hitting the pipe."

AUSTIN HIGH COMES HERE UNDEFEATED

(Foot Ball Reporter.)

The coming of the Austin High eleven means a stiff fight for the Bryan boys. It means that every player be at his place, trimmed and ready to rthe big thing—real football. The fact that Austin comes determined to cross Bryan's goal line is evidence of a great game. And of course Bryan High intends and proposes to hold her past record by not letting the Austin team be so successful. This being the case the High school boys are being drilled daily and continually on plays likely to be "pulled" in the game. The coaches, Hudson and Wilson have a mental picture of what the Austin boys are planning and are therefore instructing accordingly. The Austin boys have not so far been defeated but what will they say this time next week. Bryan boys we're for you, we're counting on you and we'll not be disappointed.

The struggles, the fights and everything that goes to make up a foot ball machine, like Bryan High has, is the result of determination, self reliance and ability. This fact which the people of Bryan and Brazos county are proud. The state championship of High school foot ball means a whole lot to a town, community and from all indications we're going to get it. So people of Bryan go out and show them your appreciation by being, at least, present at this game.

The tickets are on sale at Brandon & Lawrence. Game called at 3 p. m. Kyle Field. High school season tickets will be recognized. General admission \$1.00. Box seats \$1.50. School students 50c. Cadets 50c.

COTTON CONTINUES TO GO DOWNWARD

Cotton futures continued to drop today and at closing, 2 p. m., was 65 points down. Local spots, middling basis were selling at 14 1-2 cents. This is the lowest mark yet reached this season. Cotton seed were quoted at \$23.00 per ton.

The number of bales of cotton reported up to date at the several warehouses is as follows:

Farmers Union warehouse.....4,822
Eden's gin, round bale.....3,720
Eden's gin, square bale.....982
Lawrence warehouse.....6,375
Making a total of.....15,919

Mr. Harvin of the Federal Board, Dallas, is in Bryan today on business. He will return to Dallas tomorrow.

Rev. and Mrs. R. L. Brown are in Austin this week, where Rev. Brown is attending a B. Y. P. U. Institute at the First Baptist church in that city and in conference with Dr. O. P. Campbell, student pastor of the State University.

MANAGER WHALEY STILL FAVORS WEST TEXAS A. AND M.

Dallas, Texas, Nov. 18.—Efforts will be made by the West Texas Chamber of Commerce at its annual convention at Ranger in January to have the state redistributed into senatorial districts, according to Porter A. Whaley, manager of the West Texas Chamber, who was the principal speaker at the weekly luncheon of the Dallas Advertising League, Tuesday.

Mr. Whaley also said that action would be taken immediately to get an A. & M. college for West Texas. It is understood there are several propositions to be presented to the legislature in Austin in January for a West Texas A. & M. college and a number of wealthy men are behind the movement. A lobby will be maintained in Austin beginning on January 1st.

The accomplishments of the West Texas Chamber of Commerce during its three years existence were spoken of. A general exhibit of that section of the state, specializing on sorghum grain was sent to seventeen State and Inter-State Fairs, he said.

On account of a tie in the contest for new members this week, the prize offered will not be given until next Tuesday, it was announced. Announcement of the organization of an Advertising League in Wichita Falls, was also made.

DISASTER AHEAD IN FRENCH INDUSTRIES

(By Associated Press)

Paris, Nov. 18.—The number of former workers now unemployed in France is 125,000 according to official statistics. The total is increasing by daily dismissals in the metallurgical industry, leather trade, textile and clothing manufacturing industries and the problem is attracting the attention of the government. During the war the plea of manufacturers was that speedy delivery of goods was impossible owing to the lack of labor. Now available labor far exceeds the demand.

There are numerous reasons for this surplus, prominent among which are given: Lack of raw material; rate of exchange against France in most importing countries and high freight rates. It is believed however that there is another reason of purely internal order. Speculators have held back stocks in order to be able to release them when prices were highest, and consequently do not need to manufacture at present. Others are said to deliberately restrict production in order that prices may be kept to their present abnormal level. The high prices have lessened consumption and the public limits its purchases to articles of absolute necessity, with the result that retailers are not sending such large orders to wholesalers as formerly.

The leather industry is suffering most, nearly half the workers ordinarily employed being out of work. Parisians in general have refused to pay 120 francs for a very ordinary pair of shoes. At Limoges alone 8,000 shoemakers are without employment.

The clothing industry is also reported to be in bad way. Forty per cent of the workers are idle at a time when ordinarily the factories are at their busiest. The textile industry, on which the towns of Roubaix and Tourcoing depend, is going through a period of the greatest difficulty, and the fur industry is also affected, owing to the excessive price of furs, especially of the more ordinary kinds, such as rabbit and goat.

Thirty per cent of the automobile workers are idle; some 18,000 or 20,000 skilled workmen. Considerable numbers of men employed in the devastated regions have also left their work; some voluntarily, hesitating to spend the winter in draughty shacks without comfort and amusements; others dismissed by contractors who have not yet been paid by the state and who hesitate to retain workmen whose wages they may be unable to pay.

The question was discussed at a recent cabinet meeting, industrial groups are occupied in formulating possible solutions and a mass meeting of unemployed is to be held at the Labor Bureau. The principal difficulty is not so much in finding work for all concerned but rather the difficulty of finding suitable work for the many skilled workmen who are at present without employment. There are plenty of openings for unskilled labor in the devastated regions, and the leveling of the Paris fortifications but laborers are scarce while skilled workmen are plentiful but their employment at such work as is available would be nothing less than wasteful to the country's resources.

BRYAN MERCHANTS.

Are advertising some splendid bargains and all farmers in the Bryan trade territory should come to Bryan and have their fall and winter goods. Read the Eagle every day—the advertisements are worth the subscription money. Come to Bryan to trade.

Mr. H. O. Boatwright and Prof. A. W. Kinnard have returned from Waco where they attended the state meeting of the United Cotton Growers' Association. A full account of the meeting at Waco appeared in the Eagle Wednesday.

FT. WORTH GIRL WHO SHOT POLICEMAN ASKS BURIAL IN CREPE DE CHINE DRESS

(By Associated Press)

Fort Worth, Nov. 18.—Captain Quincy Burnett of the police motorcycle squad, who was shot yesterday afternoon as he sat at a drug store soda fountain with a young woman, is still in a critical condition at a local hospital today. The young woman, Miss Bessie King, who fired the shots and who immediately afterwards drank from a bottle and collapsed, is greatly improved and will recover, her physicians say. Burnett married five weeks ago. He and Miss King had been friends for five years and she had just learned of his wedding. An assault to murder charge was filed this morning against the girl.

"I have died a thousand deaths for him, and if I don't get him I hope someone else does," read a note found in the handbag of Miss King, following the shooting.

Parents of Miss King said the girl was engaged to marry Burnett, but that the engagement was broken recently. Several notes were found on the person of Miss King at the hospital. In one of these notes the girl declared that she had died a thousand deaths for the sake of Burnett. "He has done me a wrong that can't be righted by no one but him. He is the only one I can tell my troubles to, and he won't listen," she wrote.

If she "didn't get him," she wrote further, she hoped somebody else would "get him." Scribbled in pencil at the bottom of one of the notes was: "I pray to God to forgive me, for I can't stand my troubles alone." That she be buried in crepe de chine was her wish expressed in one of the notes, signed. "A Broken Heart."

EXPERIMENTS LOOK TO HIGHER YIELD ALFALFA

R. E. Dickson, Superintendent of Spur, Texas, Substation, Agricultural Experiment Station of A. & M. College, is engaged in an elaborate selection project looking to the development of a more prolific alfalfa.

After having determined that the common Texas alfalfa is the one best adapted to the vast "R. d. Beds" region in which his station is centrally located, Mr. Dickson has taken 16,000 individual plants of this variety and set them under equal and uniform conditions, 12 inches apart each way, in the test plot. He is carefully observing their behavior, involving the weighing of the hay produced by each plant, etc., and has now discovered about thirty plants in the entire test, to be outstanding in quality. These he will further observe, and from them will select probably three or four of the very best for a final contest for the honor of being chosen as the parent plant of what Mr. Dickson expects to be a superior, pure line alfalfa, capable of producing far better yields than are now possible from any general seed supply available.

When the test is completed and a supply of seed can be had from the increase plots, a general distribution will be made through the usual channels for dispersing a valuable find by the Experiment Station. The project has now progressed far enough to indicate a splendid success within another year or so.

There is nothing particularly magical about this very tedious enterprise. It is well known that cattlemen improve their herds by select purposes. Animals with outstanding tendency toward the type desired are chosen to head the herds and it's come about due to such careful breeding, that whole herds may be found every individual of which is of high quality and very like the others. It is plain that such a herd is worth far more than one comprising, even a percentage of inferior animals.

Plant life is similarly improved. In a considerable number of plants, individuals may be noted which are very superior to other individuals; and it is here the plant breeder finds the most abundant reward for his efforts, by using for breeding purposes those types found most preferable.

FIVE Thousand acres of the finest black land in Caldwell county, planted in the LATEST IMPROVED MEDANE TRIUMPH COTTON, and ginned in our own gin, guarantees to the cotton growers of Texas absolutely pure planting seed. Write for illustrative catalogue and prices. THE MARTINDALE SEED FARMS, LOCKHART, TEXAS.

A few doses 666 break a cold.

BRYAN BUSINESS MEN ARE OFFERING SOME SPLENDID BARGAINS IN ALL BUSINESS LINES

The Daily and Weekly Eagle Are Showing Some Very Low Prices Through the Advertising Columns—Come to Bryan to Trade.

The merchants of Bryan are offering some splendid bargains and the people of Brazos county and this section will do well to read the advertisements that are appearing daily in the Eagle. Bryan has established the fact that it is a first-class market and especially for dry goods, clothing, notions, shoes, and dress goods. Prices have been greatly reduced and retail prices are lower in Bryan than the wholesale market justifies. But the merchants of Bryan have the goods and the prices that are right. Read the advertisements in the Eagle and come to Bryan to trade.

THANKSGIVING HOME COMING RECEPTION STAGED AT AUSTIN

(By Associated Press)

Austin, Texas, Nov. 18.—Final plans for the Thanksgiving reception, annual feature of the University of Texas homecoming, were announced with the beginning of ticket sale for the event. It is announced that Governor and Mrs. W. P. Hobby will lead the grand march, and that Pat M. Neff, governor-elect, has been extended an invitation for the reception. Complimentary tickets will be sent to members of the A. & M. football squad, who will be guests of the University, and to members of the A. & M. faculty.

The reception will be held in the Hall of Representatives and Senate Chamber of the state capital. Not less than 600 guests are expected, according to the committee. Dancing will begin at 2:30 in the Hall of Representatives. Those not interested in dancing will be entertained in the Senate Chamber, where an additional orchestra, together with the University Glee Club and the Mandolin Club will furnish music.

STOP THAT ITCHING.
Use Blue Star Eczema Remedy for French Itch, Eczema, ring worm, tetter or cracked hands. Sold on a guarantee by Roman & Vick Drug Store.

TRADE IN BRYAN.
The Eagle again calls attention to the advertisements in the Eagle from the Bryan merchants. Many articles are being sold in Bryan lower than they can be purchased in the cities and in every instance as low. It will pay all people in this trade territory to come here to buy goods for fall and winter where they are being quoted at lower prices now than the wholesale prices under which they were purchased. The Bryan merchants are meeting all competition and are selling the goods right. Read the Eagle and come to Bryan to buy your fall and winter goods.

WOMAN'S CLUB NOTES.
Several of the club members are in San Antonio this week attending the State Federation. They include, Mrs. S. C. Hoyle, delegate; Mrs. E. J. Fountain, alternate; Mrs. M. Hetty Curry and Mrs. M. W. Sims.

Next week Mrs. Hoyle will give her report from the convention and urges every member of the club to be present.

Mr. George A. Adams came before the ladies and spoke in behalf of a cemetery association which the citizens want to launch. The ladies were urged to be present next Tuesday afternoon at 3:30 o'clock to discuss plans and help in the organization of this association. CLUB REPORTER.

More tuberculosis patients have applied to the local Red Cross within the past six weeks, than during all the three years of its organization in Brazos county. Are you a member of the Red Cross, and doing your part in this work of mercy?

COUNTRY TOWNS ARE PASSING AWAY UNDER THE PRESENT UNPRECEDENTED CONDITIONS

The Schools, Churches and Business Are Growing Behind the Times is Prediction of Rev. L. H. Birkhead, of Kansas City.

(By Associated Press)

Kansas City, Mo., Nov. 16.—One of the outstanding features of a survey of social conditions in rural communities of the Middle West by L. H. Birkhead, pastor of All Souls' Unitarian Church of this city, is the decadence of the country town. The survey is based on observation made by Dr. Birkhead in more than eighty towns in Minnesota, South Dakota, Iowa, Missouri, Kansas, Arkansas, Nebraska, Colorado, Illinois and Wisconsin, while he was on a lecture tour, Dr. Birkhead, who is an active social worker, discussed community problems in each of the towns and made careful inquiry as to local conditions in order to make his lectures pertinent.

THE COUNTRY TOWN FADES AWAY.

Almost everywhere, Dr. Birkhead reports, the country town is either actually losing in population or is barely holding its own. Instead of being the capital, as it were, of the surrounding farming district, leading in business enterprise, education and progress, almost everywhere the country town is outclassed by the farmers. Leadership is needed, Dr. Birkhead says, but there is nothing to develop leadership, no satisfactory opportunity for young people, and they go elsewhere. In one community 90 per cent of the young people went to the city. The country town merchant, according to Dr. Birkhead, conducts his business by time-worn methods and the mail order house takes his place. In addition, he says, the retired farmer is not an asset to the town, seeming to 'rot out' after leaving the activities of farm life.

On the other hand, Dr. Birkhead says, the farmer is wide awake and progressive so long as he remains on the farm. Co-operative enterprises are springing up everywhere. There are co-operative hardware and general merchandise stores. There are co-operative mills and elevators owned by farmers.

The projects are incorporated, the farmers are stockholders, they hold meetings and appoint salaried men to administer the business.

CHURCHES ARE DEAD IN COUNTRY.

Great pride is taken in the schools, Dr. Birkhead's survey shows, but in every town there were from one to five dead churches. Some signs of a movement to establish community churches were apparent. The farming communities have received their inspiration from the national and State Departments of Agriculture, from the agricultural colleges and from the farm papers, according to Dr. Birkhead. There is a farm agent in practically every county who represents the State Department of Agriculture. Farmers' institutes, which began at State agricultural colleges, are now held in different towns and lectures on farm subjects are given. In many counties there is a woman demonstrator who advises with the women concerning everything about the home-canning, modern kitchen equipment, laundry machinery and similar subjects. There is nothing like this for the country town—no organization for improvement.

NEEDS OF THE TOWNS ARE GREAT.

"The two great needs of the farm are better equipped homes and good roads," Dr. Birkhead says. "The American farm is the best equipped in the world, but modern improvements in the homes are greatly needed. In many cases the barns are better equipped than the houses, perhaps having running water where there is none at the house." In many places, farm tenancy is increasing and the permanent good of the farm and of the community suffer. The tenant does not take the same interest in keeping up the value of the land, nor in the co-operative enterprises of the community. The condition is due to farmers retiring and leaving their lands to tenants. In some counties, as much as 60 per cent of the farm land is occupied by tenants."

PERSONAL MENTION

(From Monday's Daily)

Mr. and Mrs. W. B. Tucker of Navasota were here today to witness the Rice-A and M. football game and were guests of Mrs. L. H. Tucker.

Judge W. C. Davis left this morning for Franklin to preside over the Robertson county district court.

Mrs. G. C. Calhoun is visiting in Waco.

E. B. LaRoache and H. N. June of the Architectural department of A. and M. College spent Sunday in Navasota.

R. L. Burney, Jr., little son of Mr. and Mrs. R. L. Burney of San Antonio was christened today at 1:30 o'clock at the Episcopal church, H. B. Jamison, rector performing the beautiful and impressive ceremony.

Harold Sanders is at home from Dallas, where he attends business college, on account of the illness of his father W. R. Sanders.

T. A. Adams of Brenham is here today to see the Rice-A and M. football game and a guest of his brother George A. Adams.

Miss Gertrude Turner of Houston and little niece Gertrude Turner of Houston are here on a visit to Mrs. Joe Howard.

Group No. 3 of the Woman's Missionary society of the Methodist church will meet Tuesday afternoon at 3 o'clock at the home of Mrs. H. A. Wiedeck.

County Commissioner George P. Edge was in the city today on a business visit.

Charles Merka of Smetana was in the city this morning.

Frank Kadanka, a former Brazos county school teacher, now residing at Cook's Point in Burleson county, was in Bryan today on business.

Miss Ava Reese has returned from a delightful week, spent with relatives and friends at Dallas.

Dr. C. M. Tanquary, state entomologist, with the Experiment Station at A. and M. college, has been appointed by the Texas Chamber of Commerce on the committee to investigate the Pink Boll worm in the Laguna district of old Mexico, and will depart tomorrow for Brownsville and Saltillo, to begin his work.

Rev. C. E. Byrne of Galveston, visited the St. Joseph's Catholic church in this city Sunday, officiating, and a class of seventy was confirmed into the holy rights of the church. A large class was to have been confirmed at the Italian church also, but as a large number of the parishioners live in the country, the very inclement weather of the day prevented their attendance, and the confirmation ceremonies were postponed until a later date.

C. C. Miles of Franklin was a visitor in this city today. He is visiting his friend, J. W. Boney.

A. W. Kimard left today for Waco to attend a conference of the United Cotton Growers' association as a representative of the State Agricultural department.

(From Saturday's Daily)

Secretary H. L. McKnight, of the Nacogdoches Chamber of Commerce is here on a visit to his family.

Judge W. C. Davis returned Friday night from Franklin where he has been presiding over the Robertson county district court. Judge Davis will return to Franklin Monday.

Mrs. A. M. Waldrop went to Waco yesterday on a visit to her mother, Mrs. M. B. Willis.

Dr. H. L. Fountain of Houston was here yesterday greeting his former friends.

The books used by the members of the Woman's Club are to be new few books on account of having so few of them—Librarian.

Mrs. G. W. Emory is in San Antonio for a short time.

Mr. and Mrs. F. B. Kellett Jr., of Dallas, are here on a visit to Mr. Kellett's parents, Mr. and Mrs. Frank Kellett.

NOW IS THE TIME TO BUY YOUR GOODS

Our stock of Dry Goods, Clothing, Shoes, Hats, and Ladies' Ready-to-Wear is very complete. We want to sell you your goods.

Webb Bros.

Bryan, Texas

SHOE POLISHING MACHINE HAS NOW ARRIVED IN BRYAN

The new design of the Automatic Shoe Polishing machine was received from Cleveland, Ohio, Monday by express and was tested out by Messrs. J. L. Edge, C. A. Harris and George Griffin. The second pattern is a great improvement over the first machine manufactured. The new machine bears the inscription of George T. Trundle, Jr., consulting engineer of Cleveland, Ohio. The machine has been installed at the Elite Confectionery where shining shoes automatically is now the order of the day. The company will later take the machine to Houston and put it on exhibition. The building of a factory is being considered by the company to manufacture these wonderful machines and Bryan is the place for it. Mr. J. L. Edge, who is manager of the company states that he has \$1500 worth of stock in the company and considers it worth \$25,000 on the market. The cost of the operations of the company has been about \$20,000 and the patent right as regarded as being worth at least \$250,000. The promoters deserve great credit for the success they have achieved.

Do your trading in Bryan.

THE Bottom Has Dropped Out of the Lumber Market

Prices Have Declined and we are cutting our prices in line with the market, giving the public the advantage of this big reduction.

The saw mills claim that they are selling for less than cost and a great many of them have closed down on that account. If you have anything in

our line to buy, we feel that now is your chance. We shall be pleased to give you an estimate on your wants.

Howell Lumber Co.

TICK INFECTION IN BRAZOS COUNTY

State Inspector Paul Swancoat, supervisor inspector for Brazos county in the tick eradication work, states that an increase of inspection has appeared at every vat. Inspector Swancoat believes that this was caused by cattle being taken from pastures where there had been dipping and placed in the fields where evidently calves and horses had been running before dipping. As soon as the cold wave passes dipping will be resumed at full speed. Mr. Swancoat states the people of Brazos county are always ready to meet the issues.

Dr. J. A. Wilkerson, of the U. S. Department, has been appointed inspector in charge of operations in Madison, Grimes, Burleson and Brazos counties and will make his headquarters in Bryan.

LAWRENCE-McDONALD WEDDING ANNOUNCED

A telegram Thursday morning to Mr. and Mrs. John M. Lawrence announced the marriage of their son, John M. Lawrence, Jr., to Miss Mattie Mae McDonald of Palestine Wednesday afternoon in Waco. This young couple was to have been married in the early spring, and their plans were known to relatives and many friends, but their marriage at this time was a complete surprise. They were in Waco attending the Cotton Palace festivities and represented Palestine as duchess and duke at the Queen's ball Tuesday night, and while there decided to make the royal house a permanent one.

At present Mr. and Mrs. Lawrence are enjoying a short stay in Dallas and will arrive in Bryan Sunday afternoon. For the present they will be at home to their many friends at the home of Mr. and Mrs. John M. Lawrence on East 26th St. This wedding is of special interest to all Bryan, Mr. Lawrence having been born and reared here and can count his friends by all that know him. The Eagle, with other friends, extend congratulations and good wishes.

GIRL IS A CHAMPION COTTON PICKER

(By Associated Press)

Robert Lee, Texas, Nov. 16.—Ruth McCutchen, 13-year-old daughter of Mr. and Mrs. William McCutchen, claims to be the champion cotton picker among children of her age in Coke county. She easily picks three hundred pounds a day.

Mrs. S. C. Hoyle, president of the Woman's club and Mrs. E. J. Fountain will leave tomorrow for San Antonio to attend the Texas Federation of Women's club.

TABOR NEWS ITEMS.

Tabor, Nov. 15.—Another rainy, cold Sunday. Everybody stayed at home, trying to keep dry and warm. The high school teachers, pupils and a few others spent the day at College Thursday.

The Ladies Aid Society will meet at the Cottage Home Wednesday afternoon at three o'clock. All the women of the community are expected to be present.

Several weeks ago we were asked to send a certain number of chickens to the Orphan's Home for a Thanksgiving dinner. Last week two or three of the women collected them from the different homes. The people responded freely. A number far above our quota was shipped Saturday night.

Despite the cold weather, the Welfare Club was well attended Friday night. A short program was rendered by the pupils of Cottonwood school. In addition to this we were very fortunate in having with us on this occasion Rev. Daily of Wheelock and Rev. C. T. Tally, who has been finishing up the conference year's work at Alexander. Rev. Tally made a splendid talk. We only regret that he did not speak longer and that more did not hear him.

Mr. John Wilcox, who has been very sick is somewhat improved. Douglas and Dick Broach of Bryan were out Friday night.

Marvin Elliott, who is overseeing in the bottom, spent Sunday with home folks.

TABOR NEWS.

Tabor, Nov. 15.—Our community was visited Wednesday afternoon, Nov. 10, by Messdames Wiley, McAlpine, Minkert, Fountain and Kennedy, who organized at the Cottonwood Baptist church a Ladies Aid Society. The community is very appreciative to them for their assistance, and we look forward to much benefit and pleasure from the society.

Rev. Talley, of Marlin, formerly of Bryan, made an interesting address at Tabor High School Friday night. The school also furnished a short program.

The many friends of Mr. J. H. Wilcox will be glad to learn of his continual improvement, since his serious illness.

Prof. and Mrs. C. E. Bobo of Harvey visited relatives here Saturday and Sunday.

Lynn Wilcox, of University of Texas, was at home for a few days last week.

Prof. J. L. Cobb visited relatives at Hearne Saturday and Sunday. Quite a few Tabor citizens visited Bryan Saturday.

Mrs. W. S. McCaghen received a message Sunday afternoon stating that her aunt, Mrs. A. M. Tucker of Slaton, Texas, had passed away at 10 a. m. The second message was received later saying the funeral would take place at Amarillo Monday. Mrs. Tucker was well known in Bryan and her friends will be grieved to learn of her death.

COUNTRY TOWNS ARE PASSING AWAY UNDER THE PRESENT UNPRECEDENTED CONDITIONS

The Schools, Churches and Business Are Growing Behind the Times is Prediction of Rev. L. H. Birkhead, of Kansas City.

(By Associated Press)

Kansas City, Mo., Nov. 16.—One of the outstanding features of a survey of social conditions in rural communities of the Middle West by L. H. Birkhead, pastor of All Souls' Unitarian Church of this city, is the decadence of the country town. The survey is based on observation made by Dr. Birkhead in more than eighty towns in Minnesota, South Dakota, Iowa, Missouri, Kansas, Arkansas, Nebraska, Colorado, Illinois and Wisconsin, while he was on a lecture tour, Dr. Birkhead, who is an active social worker, discussed community problems in each of the towns and made careful inquiry as to local conditions in order to make his lectures pertinent.

THE COUNTRY TOWN FADES AWAY.

Almost everywhere, Dr. Birkhead reports, the country town is either actually losing in population or is barely holding its own. Instead of being the capital, as it were, of the surrounding farming district, leading in business enterprise, education and progress, almost everywhere the country town is outclassed by the farmers. Leadership is needed, Dr. Birkhead says, but there is nothing to develop leadership, no satisfactory opportunity for young people, and they go elsewhere. In one community 90 per cent of the young people went to the city. The country town merchant, according to Dr. Birkhead, conducts his business by time-worn methods and the mail order house takes his place. In addition, he says, the retired farmer is not an asset to the town, seeming to "rot out" after leaving the activities of farm life.

On the other hand, Dr. Birkhead says, the farmer is wide awake and progressive so long as he remains on the farm. Co-operative enterprises are springing up everywhere. There are co-operative hardware and general merchandise stores. There are co-operative mills and elevators owned by farmers.

The projects are incorporated, the farmers are stockholders, they hold meetings and appoint salaried men to administer the business.

CHURCHES ARE DEAD IN COUNTRY.

Great pride is taken in the schools, Dr. Birkhead's survey shows, but in every town there were from one to five dead churches. Some signs of a movement to establish community churches were apparent. The farming communities have received their inspiration from the national and State Departments of Agriculture, from the agricultural colleges and from the farm papers, according to Dr. Birkhead. There is a farm agent in practically every county who represents the State Department of Agriculture. Farmers' institutes, which began at State agricultural colleges, are now held in different towns and lectures on farm subjects are given. In many counties there is a woman demonstrator who advises with the women concerning everything about the home-canning, modern kitchen equipment, laundry machinery and similar subjects. There is nothing like this for the country town—no organization for improvement.

NEEDS OF THE TOWNS ARE GREAT.

"The two great needs of the farm are better equipped homes and good roads," Dr. Birkhead says. "The American farm is the best equipped in the world, but modern improvements in the homes are greatly needed. In many cases the barns are better equipped than the houses, perhaps having running water where there is none at the house." In many places, farm tenancy is increasing and the permanent good of the farm and of the community suffer. The tenant does not take the same interest in keeping up the value of the land, nor in the co-operative enterprises of the community. The condition is due to farmers retiring and leaving their lands to tenants. In some counties, as much as 60 per cent of the farm land is occupied by tenants."

PERSONAL MENTION

(From Monday's Daily)

Mr. and Mrs. W. B. Tucker of Navasota were here today to witness the Rice-A and M. football game and were guests of Mrs. L. H. Tucker.

Judge W. C. Davis left this morning for Franklin to preside over the Robertson county district court.

Mrs. G. C. Calhoun is visiting in Waco.

E. B. LaRoche and H. N. June of the Architectural department of A. and M. College spent Sunday in Navasota.

R. L. Burney, Jr., little son of Mr. and Mrs. R. L. Burney of San Antonio was christened today at 1:30 o'clock at the Episcopal church, H. B. Jamison, rector performing the beautiful and impressive ceremony.

Harold Sanders is at home from Dallas, where he attends business college, on account of the illness of his father W. R. Sanders.

T. A. Adams of Brenham is here today to see the Rice-A and M. football game and a guest of his brother George A. Adams.

Miss Gertrude Turner of Houston and little niece Gertrude Turner of Houston are here on a visit to Mrs. Joe Howard.

Group No. 3 of the Woman's Missionary society of the Methodist church will meet Tuesday afternoon at 3 o'clock at the home of Mrs. H. A. Wiedicke.

County Commissioner George P. Edge was in the city today on a business visit.

Charles Merka of Smetana was in the city this morning.

Frank Kadanka, a former Brazos county school teacher, now residing at Cook's Point in Burleson county, was in Bryan today on business.

Miss Ava Reese has returned from a delightful week, spent with relatives and friends at Dallas.

Dr. C. M. Tanquary, state entomologist, with the Experiment Station at A. and M. college, has been appointed by the Texas Chamber of Commerce on the committee to investigate the Pink Boll worm in the Laguna district of old Mexico, and will depart tomorrow for Toluca and Saltillo, to begin his work.

Rev. C. E. Byrne of Galveston, visited St. Joseph's Catholic church in this city Sunday, officiating, and a class of seventy was confirmed into the holy rights of the church. A large class was to have been confirmed at the Italian church also, but as a large number of the parishioners live in the country, the very inclement weather of the day prevented their attendance, and the confirmation ceremonies were postponed until a later date.

C. C. Miles of Franklin was a visitor in this city today. He is visiting his friend, J. W. Boney.

A. W. Kinnard left today for Waco to attend a conference of the United Cotton Growers' association as a representative of the State Agricultural department.

(From Saturday's Daily)

SHOE POLISHING MACHINE HAS NOW ARRIVED IN BRYAN

The new design of the Automatic Shoe Polishing machine was received from Cleveland, Ohio, Monday by express and was tested out by Messrs. J. L. Edge, C. A. Harris and George Griffin. The second pattern is a great improvement over the first machine manufactured. The new machine bears the inscription of George T. Trundle, Jr., consulting engineer of Cleveland, Ohio. The machine has been installed at the Elite Confectionery.

where shining shoes automatically is now the order of the day. The company will later take the machine to Houston and put it on exhibition. The building of a factory is being considered by the company to manufacture these wonderful machines and Bryan is the place for it. Mr. J. L. Edge, who is manager of the company states that he has \$1500 worth of stock in the company and considers it worth \$25,000 on the market. The cost of the operations of the company has been about \$20,000 and the patent right as regarded as being worth at least \$250,000. The promoters deserve great credit for the success they have achieved.

THE Bottom Has Dropped Out of the Lumber Market

Prices Have Declined and we are cutting our prices in line with the market, giving the public the advantage of this big reduction.

The saw mills claim that they are selling for less than cost and a great many of them have closed down on that account. If you have anything in our line to buy, we feel that now is your chance. We shall be pleased to give you an estimate on your wants.

Howell Lumber Co.

Mrs. Minnie Estill went to San Antonio today for a two week's visit with her sister, Mrs. Lucian Etche.

Garland and Amy Persons; Charley Lewis and Daisie Rhodes; Mat Harris and Cora Belle Wiley; Lonnie Robertson and Estella Potter; Jordan Murphy and Elvira Green; Frank Martin and Ada Newton; Tony Angonio and Josephine Coroner; Peter Lero and Albino Halu-bee; Joe Ficky and Alma Hinz; John J. Stasny and Jennie C. Kosh; John Homala and Miss Frances Jalobony.

Do your trading in Bryan.

TICK INFECTION IN BRAZOS COUNTY

State Inspector Paul Swancoat, supervisor of tick eradication work, states that an increase of inspection has appeared at every vat. Inspector Swancoat believes that this was caused by cattle being taken from pastures where there had been dipping and placed in the fields where evidently calves and horses had been running before dipping. As soon as the cold wave passes dipping will be resumed at full speed. Mr. Swancoat states the people of Brazos county are always ready to meet the issues.

Dr. J. A. Wilkerson, of the U. S. Department, has been appointed inspector in charge of operations in Madison, Grimes, Burleson and Brazos counties and will make his headquarters in Bryan.

LAWRENCE-MCDONALD WEDDING ANNOUNCED

A telegram Thursday morning to Mr. and Mrs. John M. Lawrence announced the marriage of their son, John M. Lawrence, Jr., to Miss Mattie Mae McDonald of Palestine Wednesday afternoon in Waco. This young couple was to have been married in the early spring, and their plans were known to relatives and many friends, but their marriage at this time was a complete surprise. They were in Waco attending the Cotton Palace festivities and represented Palestine as duchess and duke at the Queen's ball Tuesday night, and while there decided to make the royal house a permanent one.

At present Mr. and Mrs. Lawrence are enjoying a short stay in Dallas and will arrive in Bryan Sunday afternoon. For the present they will be at home to their many friends at the home of Mr. and Mrs. John M. Lawrence on East 26th St. This wedding is of special interest to all Bryan, Mr. Lawrence having been born and reared here and can count his friends by all that know him. The Eagle, with other friends, extend congratulations and good wishes.

GIRL IS A CHAMPION COTTON PICKER

(By Associated Press)

Robert Lee, Texas, Nov. 16.—Ruth McCutchen, 13-year-old daughter of Mr. and Mrs. William McCutchen, claims to be the champion cotton picker among children of her age in Coke county. She easily picks three hundred pounds a day.

Mrs. S. C. Hoyle, president of the Woman's club and Mrs. E. J. Fountain will leave tomorrow for San Antonio to attend the Texas Federation of Women's club.

Tabor News Items.

Tabor, Nov. 15.—Another rainy, cold Sunday. Everybody stayed at home, trying to keep dry and warm. The high school teachers, pupils and a few others spent the day at College Thursday.

The Ladies Aid Society will meet at the Cottage Home Wednesday afternoon at three o'clock. All the women of the community are expected to be present.

Several weeks ago we were asked to send a certain number of chickens to the Orphan's Home for a Thanksgiving dinner. Last week two or three of the women collected them from the different homes. The people responded freely. A number far above our quota was shipped Saturday night.

Despite the cold weather, the Welfare Club was well attended Friday night. A short program was rendered by the pupils of Cottonwood school. In addition to this we were very fortunate in having with us on this occasion Rev. Daily of Wheelock and Rev. C. T. Tally, who has been finishing up the conference year's work at Alexander. Rev. Tally made a splendid talk. We only regret that he did not speak longer and that more did not hear him.

Mr. John Wilcox, who has been very sick is somewhat improved.

Douglas and Dick Broach of Bryan were out Friday night.

Marvin Elliott, who is overseeing in the bottom, spent Sunday with home folks.

Tabor News.

Tabor, Nov. 15.—Our community was visited Wednesday afternoon, Nov. 10, by Messadmes Wiley, McAlpine, Minkert, Fountain and Kennedy, who organized at the Cottonwood Baptist church a Ladies Aid Society. The community is very appreciative to them for their assistance, and we look forward to much benefit and pleasure from the society.

Rev. Talley, of Marlin, formerly of Bryan, made an interesting address at Tabor High School Friday night. The school also furnished a short program.

The many friends of Mr. J. H. Wilcox will be glad to learn of his continual improvement, since his serious illness.

Prof. and Mrs. C. E. Bobo of Harvey visited relatives here Saturday and Sunday.

Lynn Wilcox, of University of Texas, was at home for a few days last week.

Prof. J. L. Cobb visited relatives at Hearne Saturday and Sunday. Quite a few Tabor citizens visited Bryan Saturday.

Mrs. W. S. McCaghen received a message Sunday afternoon stating that her aunt, Mrs. A. M. Tucker of Slaton, Texas, had passed away at 10 a. m. The second message was received later saying the funeral would take place at Amarillo Monday. Mrs. Tucker was well known in Bryan and her friends will be grieved to learn of her death.

DISAGREEMENT OVER
TELEGRAPH TOLLS

(By Associated Press)
Washington, Nov. 16.—The long-standing controversy between the state department and Western Union Telegraph company reached the stage of open break today, the company refusing to handle any further cable messages for the department except on prepayment of tolls. The department said today the company's order issued Nov. 10 ostensibly applies to all departments of government. It is understood, however, other departments had sent messages and they had been accepted informally from the ruling. The Western Union company stated it based its action on the delay of the department in making payments on cable messages previously handled. The department officials asserted, however, in their opinion the step was in retaliation for failure of the department to permit landing of cables at Miami, Florida, connecting the Barbadoes with British cable from South America.

BODY OF LIEUTENANT
GRAHAM TO ARRIVE

The following telegram has been received: Hoboken, New Jersey, Nov. 13: Mrs. Belle Ransome, Bryan, Texas. Remains of First Lieutenant Cyrus E. Graham will leave New York at 9:10 a. m. o'clock on November 13 and will arrive in Bryan some time Monday night or Tuesday afternoon. [The arrangements for the interment of the body of Lieut. Graham on the way home from France will be made as soon as it is definitely known what train the body will arrive on, was stated today by his brother, De Witt Graham.]
A later telegram to Mrs. Ransome says the body will arrive in Bryan Wednesday afternoon at 4:30 o'clock, over the I. & G. N. train.
"Harding Will Not Pass Through Dallas on His Way to Point Isabel" is a newspaper headline. Dallas ought to be on the main artery of travel.

TABOR SENDS VERY
LARGE DELEGATION

Quite a large delegation of people from Tabor, including about sixty, attended the Armistice Day celebration at A. & M. College on Thursday. They met at the Tabor school and came to Bryan in fourteen automobiles, each car bearing a banner marked "Tabor" on the back of the car and the procession presented quite a unique appearance as it proceeded on College Avenue and over the Bryan-College road to College. The following automobiles were in the procession: Prof. J. L. Cobb, Walter Armstrong, Miss Mary Locke, County Commissioner Jno. M. Moore, D. P. Edge, Jesse Huggins, Rufus Batten, C. B. Frances, Bob Frances, G. W. Blanton, J. W. Harris, B. Chappell, Tom Wilson and Walter Holden and families.

BRAZOS COUNTY
RED CROSS ELECTS
1921 OFFICERS

The newly elected executive board of the Brazos County Red Cross chapter, met in business session Tuesday for the annual election of officers and to hear the year's report of the chapter secretary and treasurer.

The unanimous vote of the executive board re-elected the following officers for the coming year: E. H. Astin, chairman; Mrs. Tyler Haswell, vice chairman; Mrs. Albert Buchanan, secretary; John A. Moore Jr., treasurer.

The annual report from Oct. 31, 1919 to Oct. 31, 1920, of the Brazos County chapter was then read by Mrs. Albert Buchanan, secretary of the chapter as follows: The American Red Cross in advancing its activities into the civilian population since the close of the war, taking up as is called its Peace Program, divides its work into four departments as follows—Home Service; Nursing and First Aid; Public Health, and Junior Red Cross. These departments have been developed in the Brazos County Chapter by standing committees with the following chairmen: Home Service, E. J. Jenkins; Nursing and First Aid, Mrs. W. D. Lawrence and Dr. L. O. Wilkerson; Public Health, Mrs. J. T. Hanway; Junior Red Cross, Miss Ray Montgomery.

Home Service Report.
Number of families given aid and information, 1106.
Financial aid given, \$4962.25.
Amount repaid, \$3811.00.
Home Service Questionnaires sent to ex-service men, 800.
Questionnaires received and on file in office, 533.
Government compensation secured for ex-service men, 309.
Hospital care secured for disabled soldiers, 203.
Liberty bonds secured for ex-service men, 183.
Delayed Allotments and Allowances secured, 221.
Reinstatement of War Term Insurance, \$223,000.00.
Refund of travel pay for ex-service

Junior Red Cross.
To date, the Brazos County Junior Red Cross is the leader in numbers in this division, according to population. Miss Ray Montgomery has done a wonderful work since the opening of school in September and the following figures are on file in the Red Cross office.
Schools in Brazos County organized 100 per cent for Red Cross, 22.
Number of children enrolled, 968.
A full program of Junior activities is being carried on daily in the Junior Centers.

The Brazos County Junior Red Cross, under the direction of their chairman, Miss Montgomery, have taken over the entire quota for the sale of tuberculosis stamps in Brazos county.
A full financial report of the Brazos County Red Cross will be made by the chapter treasurer, when the auditing committee, composed of Fred Cavitt and Nelson Dulany, have gone over all accounts and made their report.

A Tonic For Women
"I was hardly able to drag, I was so weakened," writes Mrs. W. F. Ray, of Eastley, S. C. "The doctor treated me for about two months, still I didn't get any better. I had a large family and felt I surely must do something to enable me to take care of my little ones. I had heard of CARDUI."

CARDUI
The Woman's Tonic
"I decided to try it," continues Mrs. Ray. "I took eight bottles in all. I regained my strength and have had no more trouble with womanly weakness. I have ten children and am able to do all my household and a lot of outside work. I can sure recommend CARDUI."

Take Cardui today. It may be just what you need.
At all druggists.
E. 51

Nursing Service and First Aid.
Under the direction of Mrs. W. D. Lawrence as chairman, and Mrs. Harryett Mayo Searcy, as teacher, classes in Home Hygiene and Care of the Sick here held in Bryan, and over the county, in which 547 women and girls received instruction in this most important training. Of this number 284 received certificates of excellence upon examination, and received official notice of registration from division headquarters at Saint Louis, Mo.

Public Health.
The Public Health department of the Brazos County Chapter has only been in operation for one month, beginning on October 1st with Mrs. J. T. Hanway as supervisor. During that time however, a wonderful work has been begun, the results of which can not be estimated as they will show the improvement of health and strength in the children of our county.

The first Health exhibit of the chapter was at the Tabor community fair and was declared by all a success. Mrs. L. M. Jones of the A. & M. College assisted the local chapter on that occasion by giving practical demonstrations on school lunches which was greatly appreciated by the mothers of that community.

A Child Health Conference for children from 6 months to 7 years of age, was conducted at the chapter Health Center Oct. 25th and 26th, which attracted unusual interest. This conference was conducted by Miss Jean Pinkney of Austin, representing the State Board of Health, assisted by eight of our local physicians and two registered nurses. 127 children were examined, and the Health Center was crowded both days of the conference, with anxious mothers asking questions and receiving information in regard to their children. The time was so limited that many of the children brought there for examination were not seen. These conferences will be continued from time to time until all are given the opportunity of examination.

Junior Red Cross.
To date, the Brazos County Junior Red Cross is the leader in numbers in this division, according to population. Miss Ray Montgomery has done a wonderful work since the opening of school in September and the following figures are on file in the Red Cross office.
Schools in Brazos County organized 100 per cent for Red Cross, 22.
Number of children enrolled, 968.
A full program of Junior activities is being carried on daily in the Junior Centers.

The Brazos County Junior Red Cross, under the direction of their chairman, Miss Montgomery, have taken over the entire quota for the sale of tuberculosis stamps in Brazos county.
A full financial report of the Brazos County Red Cross will be made by the chapter treasurer, when the auditing committee, composed of Fred Cavitt and Nelson Dulany, have gone over all accounts and made their report.

**CONGRESSMAN BLACK
DESIRES FEWER
1922 CONGRESSMEN**

(By Associated Press)
Washington, D. C., Nov. 15.—Congressman Eugene Black, of the First Texas district, who is in Washington to attend the session of congress which convenes on the first Monday in December says he will assist in giving the country legislation that will be helpful and constructive, but that some policies are being put forward by some representatives which he can not support. Mr. Black says that he will introduce a bill to make the apportionment for house representation around 240,000 people. The present house, he adds, is large enough. Under the law 214,000 people make a congressional district and there are eighteen congressmen. Under this rule some states could lose a few congressmen.

BRAZOS COUNTY NOT RELEASED FROM TICK AREA
LIMESTONE AND NAVARRO COUNTIES FREED

It Was Decided by the Texas Live Stock Sanitary Commission Sufficient Eradication Had Not Been Performed in Brazos County.

(By Associated Press)
Washington, Nov. 12.—Release of 22,171 square miles of quarantined area in the cattle tick infested states of the South was announced today by the Department of Agriculture, effective December 12. Failure of county officials to co-operate in eradicating the tick in their areas caused the quarantining of 7,917 square miles, the statement said. Under the revised quarantine approximately 218,000 square miles is held to be infested.

In Texas, Bell, Brown, Burnet, Camp, Coryell, Delta, Denton, Falls, Franklin, Gillespie, Hill, Hopkins, Lampasas, Limestone, Mills, Navarro, San Saba and Wise, and a portion of Comanche and Lamar counties, were released.

Work against the cattle tick generally is progressing very successfully, the announcement said, and with full county co-operation "more substantial area will be freed from quarantine" next year. Recently the Bryan and Brazos County Chamber of Commerce asked for Brazos county to be eliminated and the Texas Live Stock Sanitary Commission at Fort Worth denied the request.

MISS LILLIE WILSON
IS LAID TO REST

On Friday morning, November 12, about 6 o'clock, the patient, gentle spirit of Miss Lillie Wilson was called from earthly pain and suffering to eternal rest and peace. Through long years of affliction she bore the suffering of every day with a fortitude and hope, that comes only to the heart and life of the Christian, and patiently awaited the call of her Heavenly Father to "come home to rest." Closely identified with the literary and religious life of Bryan for many years, Miss Lillie Wilson was beloved by everybody and her good deeds, and kind ministrings will live on in the hearts and lives of the many who knew and loved her forever. As librarian in the Carnegie library, as leader in all the activities of the First Presbyterian church and all other affairs that made for the upbuilding of the better times of life, she labored faithfully until stricken by the disease that caused her death.

Deceased was 51 years of age and had lived in Bryan since 1893. She is survived by her aged mother, Mrs. W. H. Wilson of this city; four sisters Mrs. William Hill of Alexandria, La., Mrs. F. E. Mistrot of Bryan, Mrs. Thomas Stuart, Colonial, N. J.; Mrs. Eustace Taylor of Galveston; one brother, Walter Wilson of Terrell, and loving nieces and nephews who have tenderly loved and cared for her through the long days of sickness and pain.

The funeral was conducted from the First Presbyterian church this morning at 11 o'clock, by her pastor, Rev. W. N. Scholl, with interment in the city cemetery, where, beneath a mound of fragrant flowers, floral tributes of love and esteem from a host of friends in this and other cities of the state, she sleeps the eternal sleep. The pall bearers were: L. L. McInnis, Robert Armstrong, Elton Stuart, Dale Weddington, Hendrix Conway and Marshall Dansby.

**COTTON GINNING
IN BRAZOS COUNTY**

Mr. Henry Crenshaw, special agent for Brazos county reports that up to November 1, 1920, 15,977 bales of cotton were ginned in Brazos county in comparison with 5,153 ginned up to the same period of last year. These reports will continue until February 28, 1921.
Rub-My-Tism cures bruises, cuts, burns, sores, tetter, etc.

**"Gets-It"
For Hard
or Soft
Corns**

A very enthusiastic and interested crowd watched the game of basketball at Steep Hollow, Friday afternoon between Steep Hollow school and Harney school. The first game was held at 6 o'clock in which Steep Hollow defeated Harney girls by a score of 13 to 10. Immediately following this game Steep Hollow junior boys played Harney junior boys, Steep Hollow winning by a score of 12 to 4. Both teams were quite evenly matched and put up a good fight and at no time did the interest lag.
A headline from Washington Friday said: "Foundation for 1924 Campaign is Being Laid by the Democratic Party." Then follows a long article. [The Eagle would suggest that the office boy-typewriter stenographer, (2) has relegated and the democratic party turn to some real leadership for the future.
666 (quickly) relieves a cold.

Satisfaction Guaranteed With This Corn Remover.
Common sense tells anybody that the way to cure a corn is to remove it, cap and root—banish it entirely.

Don't Doctor Your Corns. Let "Gets-It" Remove Them—Painlessly! Quickly!
Not only hard corns and not only soft corns but every kind of corn surrenders to "Gets-It," the national corn remover. It takes weeks or months to grow a corn. It takes just a few seconds to stop its pain with two large drops of "Gets-It." Quick! It is so easy you can peel it right off without the least twinge of hurt, and it is gone!
"Gets-It," the never failing, guaranteed, money-back corn remover, costs but a trifle at any drug store. Mfg. by Lawrence & Co., Chicago.

DISAGREEMENT OVER TELEGRAPH TOLLS

(By Associated Press)
Washington, Nov. 16.—The long-standing controversy between the state department and Western Union Telegraph company reached the stage of open break today, the company refusing to handle any further cable messages for the department except on prepayment of tolls. The department said today the company's order issued Nov. 10 ostensibly applies to all departments of government. It is understood, however, other departments had sent messages and they had been accepted informally from the ruling. The Western Union company stated it based its action on the delay of the department in making payments on cable messages previously handled. The department officials asserted, however, in their opinion the step was in retaliation for failure of the department to permit landing of cables at Miami, Florida, connecting the Barbados with British cable from South America.

BODY OF LIEUTENANT GRAHAM TO ARRIVE

The following telegram has been received: Hoboken, New Jersey, Nov. 13: Mrs. Belle Ransome, Bryan, Texas. Remains of First Lieutenant Cyrus E. Graham will leave New York at 9:10 a. m. o'clock on November 13 and will arrive in Bryan some time Monday night or Tuesday afternoon. The arrangements for the interment of the body of Lieut. Graham on the way home from France will be made as soon as it is definitely known what train the body will arrive on, was stated today by his brother, De Witt Graham. A later telegram to Mrs. Ransome says the body will arrive in Bryan Wednesday afternoon at 4:30 o'clock, over the I. & G. N. train. "Holding Will Not Pass Through Dallas on His Way to Point Isabel" is a newspaper headline. Dallas ought to be on the main artery of travel.

TABOR SENDS VERY LARGE DELEGATION

Quite a large delegation of people from Tabor including about sixty, attended the Armistice Day celebration at A. & M. College on Thursday. They met at the Tabor school and came to Bryan in fourteen automobiles, each car bearing a banner marked "Tabor" on the back of the car and the procession presented quite a unique appearance as it proceeded on College Avenue and over the Bryan-College road to College. The following automobiles were in the procession: Prof. J. L. Cobb, Walter Armstrong, Miss Mary Locke, County Commissioner Jno. M. Moore, D. P. Edge, Jesse Huggins, Rufus Batten, C. B. Frances, Bob Frances, G. W. Banton, J. W. Harris, B. Chappell, Tom Wilson and Walter Holden and families. Rub-My-Tism relieves Rheumatism, Neuralgia, Sprains. To prevent a cold take 666.

BRAZOS COUNTY

RED CROSS ELECTS 1921 OFFICERS

The newly elected executive board of the Brazos County Red Cross chapter met in business session Tuesday for the annual election of officers and to hear the year's report of the chapter secretary and treasurer.

The unanimous vote of the executive board re-elected the following officers for the coming year: E. H. Astin, chairman; Mrs. Tyler Haswell, vice chairman; Mrs. Albert Buchanan, secretary; John A. Moore, Jr., treasurer.

The annual report from Oct. 31, 1919, to Oct. 31, 1920, of the Brazos County chapter was then read by Mrs. Albert Buchanan, secretary of the chapter as follows: The American Red Cross in advancing its activities into the civilian population since the close of the war, taking up as it called its Peace Program, divides its work into four departments as follows—Home Service; Nursing and First Aid; Public Health, and Junior Red Cross. These departments have been developed in the Brazos County Chapter by standing committees with the following chairmen: Home Service, E. J. Jenkins; Nursing and First Aid, Mrs. W. D. Lawrence and Mrs. L. O. Wilkerson; Public Health, Mrs. J. T. Hanway; Junior Red Cross, Miss Ray Montgomery.

A Tonic For Women

"I was hardly able to drag, I was so weakened," writes Mrs. W. F. Ray, of Easley, S. C. "The doctor treated me for about two months, still I didn't get any better. I had a large family and felt I surely must do something to enable me to take care of my little ones. I had heard of Cardui."

Take Cardui today. It may be just what you need. At all druggists.

CARDUI
The Woman's Tonic

ES

men, 93.
Nursing Service and First Aid.
Under the direction of Mrs. W. D. Lawrence as chairman, and Mrs. Harryett Mayo Seary as teacher, classes in Home Hygiene and Care of the Sick here held in Bryan, and over the county, in which 547 women and girls received instruction in this most important training. Of this number 284 received certificates of excellence upon examination, and received official notice of registration from division headquarters at Saint Louis, Mo.

Public Health.
The Public Health department of the Brazos County Chapter has only been in operation for one month, beginning on October 1st with Mrs. J. T. Hanway as supervisor. During that time however, a wonderful work has been begun, the results of which can not be estimated as they will show the improvement of health and strength in the children of our country.

The first Health exhibit of the chapter was at the Tabor community fair and was declared by all a success. Mrs. L. M. Jones of the A. and M. College assisted the local chapter on that occasion by giving practical demonstrations on school lunches which was greatly appreciated by the mothers of that community.

A Child Health Conference for children from 6 months to 7 years of age, was conducted at the chapter Health Center Oct. 25th and 26th, which attracted unusual interest. This conference was conducted by Miss Jean Pinkney of Austin, representing the State Board of Health, assisted by eight of our local physicians and two registered nurses. 127 children were examined, and the Health Center was crowded both days of the conference, with anxious mothers asking questions and receiving information in regard to their children. The time was so limited that many of the children brought there for examination were not seen. These conferences will be continued from time to time until all are given the opportunity of examination.

Junior Red Cross.
To date, the Brazos County Junior Red Cross is the leader in numbers in this division, according to population. Miss Ray Montgomery has done a wonderful work since the opening of school in September and the following figures are on file in the Red Cross office.

Schools in Brazos County organized 100 per cent for Red Cross, 22.
Number of children enrolled, 968.

A full program of Junior activities is being carried on daily in these Junior Centers.

The Brazos County Junior Red Cross, under the direction of their chairman, Miss Montgomery, have taken over the entire quota for the sale of tuberculosis stamps in Brazos county.

A full financial report of the Brazos County Red Cross will be made by the chapter treasurer, when the auditing committee, composed of Fred Cavitt and Nelson Dulany, have gone over all accounts and made their report.

CONGRESSMAN BLACK DESIRES FEWER 1922 CONGRESSMEN

(By Associated Press)
Washington, D. C., Nov. 15.—Congressman Eugene Black, of the First Texas district, who is in Washington to attend the session of congress which convenes on the first Monday in December says he will assist in giving the country legislation that will be helpful and constructive, but that some policies are being put forward by some representatives which he can not support.

Mr. Black says that he will introduce a bill to make the apportionment for house representation around 240,000 people. The present house, he adds, is large enough. Under the law 214,000 people make a congressional district and there are eighteen congressmen. Under this rule some states could lose a few congressmen.

BRAZOS COUNTY NOT RELEASED FROM TICK AREA LIMESTONE AND NAVARRO COUNTIES FREED

It Was Decided by the Texas Live Stock Sanitary Commission Sufficient Eradication Had Not Been Performed in Brazos County.

(By Associated Press)
Washington, Nov. 13.—Release of 32,171 square miles of quarantined area in the cattle tick infested states of the South was announced today by the Department of Agriculture, effective December 12. Failure of county officials to co-operate in eradicating the tick in their areas caused the quarantining of 7,917 square miles, the statement said. Under the revised quarantine approximately 218,000 square miles is held to be infested.

In Texas, Bell, Brown, Burnet, Camp, Coryell, Delta, Denton, Falls, Franklin, Gillespie, Hill, Hopkins, Lampasas, Limestone, Mills, Navarro, San Saba and Wise, and a portion of Comanche and Lamar counties, were released.

Work against the cattle tick generally is progressing very successfully, the announcement said, and with full county co-operation "more substantial area will be freed from quarantine next year." Recently the Bryan and Brazos County Chamber of Commerce asked for Brazos county to be eliminated and the Texas Live Stock Sanitary Commission at Fort Worth denied the request.

MISS LILLIE WILSON IS LAID TO REST

On Friday morning, November 12, about 6 o'clock, the patient, gentle spirit of Miss Lillie Wilson was called from earthly pain and suffering to eternal rest and peace. Through long years of affliction she bore the suffering of every day with a fortitude and hope, that comes only to the heart and life of the Christian, and patiently awaited the call of her Heavenly Father to "come home to rest." Closely identified with the literary and religious life of Bryan for many years, Miss Lillie Wilson was beloved by everybody and her good deeds, and kind ministrations will live on in the hearts and lives of the many who knew and loved her forever. As librarian in the Carnegie library, as leader in all the activities of the First Presbyterian church and all other affairs that made for the upbuilding of the better things of life, she labored faithfully until stricken by the disease that caused her death.

Deceased was 51 years of age and had lived in Bryan since 1893. She is survived by her aged mother, Mrs. W. H. Wilson of this city; four sisters Mrs. William Hill of Alexandria, La., Mrs. F. E. Mistrot of Bryan, Mrs. Thomas Stuart, Colonial, N. J.; Mrs. Eustace Taylor of Galveston; one brother, Walter Wilson of Terrell, and loving nieces and nephews who have tenderly loved and cared for her through the long days of sickness and pain.

The funeral was conducted from the First Presbyterian church this morning at 11 o'clock, by her pastor, Rev. W. N. Scholl, with interment in the city cemetery, where, beneath a mound of fragrant flowers, floral tributes of love and esteem from a host of friends in this and other cities of the state, she sleeps the eternal sleep. The pall bearers were: L. L. McInnis, Robert Armstrong, Elton Stuart, Dale Weddington, Hendrix Conway and Marshall Dabney.

COTTON GINNING IN BRAZOS COUNTY

Mr. Henry Crenshaw, special agent for Brazos county reports that up to November 1, 1920, 15,977 bales of cotton were ginned in Brazos county in comparison with 5,163 ginned up to the same period of last year. These reports will continue until February 28, 1921.

Rub-My-Tism cures, bruises, cuts, burns, sores, tetters, etc.

"Gets-It" For Hard or Soft Corns

Satisfaction Guaranteed With This Corn Remover.

Common sense tells anybody that the way to cure a corn is to remove it, cap and root—banish it entirely.

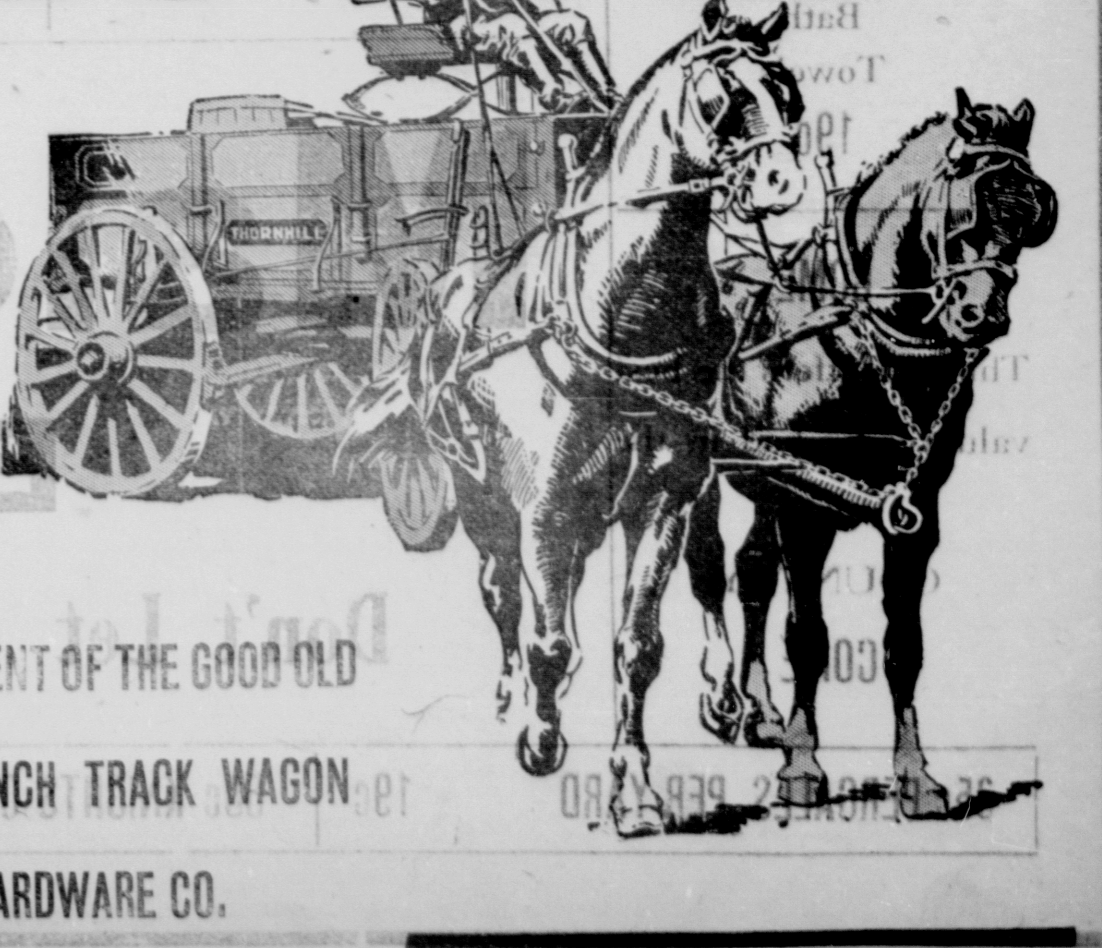

Don't Doctor Your Corns. Let "Gets-It" Remove Them—Painlessly! Quickly!
Not only hard corns and not only soft corns but every kind of corn surrenders to "Gets-It," the national corn remover. It takes less than a minute to grow a corn. It takes just a few seconds to stop its pain with two or three drops of "Gets-It." Quick! It cures you can feel it right off without the least twinge or hurt, and it is gone!
"Gets-It" is the never failing, guaranteed, money-back corn remover, costs but a trifle at any drug store. Mfd. by Lawrence & Co., Chicago.
